- ▶ Can be applied to almost any substrate
- ▶ Lasts five times longer than paint
- ▶ Portable

Xiom system weighs only 70 lbs

***GO WHERE NO
POWDER COATER
HAS
GONE BEFORE***

The Xiom system is designed to be portable. Mount the system to a cart, wagon, or stand, or mount in a van or a truck and take your powder coating operation on the road! Apply plastic coatings where traditional powder coaters can't!
